

Pinedale Anticline Transportation Task Group Meeting

Meeting minutes for 02/15/05
Board Room Sublette County Library, Pinedale, Wyoming

- Attendees, see attached form. No general public's attended the meeting.
- Minutes from the 01/25/05 meeting were reviewed by the Task Group and approved.
- Draft Report was discussed. Report is attached.
- Task Group talked about having the report submitted by 2/18/05. The report would be submitted electronically, but the exhibits (map, road agreements, produced water and condensate numbers) would be via hard copy.
- Transportation Task Group to meet with PAWG on March 3rd @ 8 AM. Chairperson and BLM liaison required to attend, but all Task Group members are encouraged to attend.
- Produced water and condensate numbers were discussed. Summary tables are attached. An asterisk at the year 2015 with statement stating numbers beyond this point are speculative.
- Access between the Jonah Field and Big Piney was discussed, possible 400 man camp south of Big Piney. Discussion included road from La Barge up to Bird Canyon Compressor and across to the Jonah field.
- Air Quality Task Group has asked if the Transportation Task group has traffic counts from the oil patch roads. Wyoming Department of Environmental Quality has been in contact with Sublette County over the dust from roads.
- Combination of number of qualified people and drilling rigs is the only thing limiting drilling on the Anticline at this time.
- Construction monitoring was discussed at length. The discussion centered on whether the monitoring is being done and if so by whom and if it is done in a timely manner.
- Task Group agreed to recommend in the Report the following: Qualified BLM personnel to monitor construction to ensure that design and use standards are met and maintained.
- Next meeting 03/08/05 Sublette County Library at 1 PM.
